

Below is a list of the supplies that I will be using for the projects in this course. However, you are always encouraged to use what you have on hand.

- [Rebar Tire Wire](#) (I used 16 gauge)

Paint

- Paint, any acrylic paint you like. I use golden in these colors:
 - Titanium White - fluid or heavy body
 - Red Oxide
 - Pyrrole Red
 - Burnt Umber Light

- Raw Umber
- Payne's Gray
- Yellow Oxide or Yellow Ochre
- Naples Yellow Hue
- Mars Yellow
- Black
- If you want to have some metallic spots you can use Golden heavy body Iridescent bronze (fine).
- I am using transparent shading gray (Golden High Flow Acrylic) a lot lately!

***Your paint can be heavy body or fluid but be sure you at least have white and black in fluid. Some additional colors I use (not required but I like them) Matisse Australian Ghost Gum, and I am also loving Jo Sonja's warm white and sapphire. These are the colors I am using but you do not need to get them all. Just use what you have. NOTE: Jo Sonja paints are matte paints and very reasonably priced.

Paint Brushes:

- Paint Brushes - Blick Scholastic brushes are cheap and work well, include detail and mid size. Here are some I like:
 - [Filbert size 12](#)
 - [Bright size 8](#)
 - [Round size 1](#)
 - You might want a teeny brush (size 0).
